Wellesley Office Park
Wellesley, MA. 02148

Wozny/Barbar & Associates, Inc. has been retained by Hanover Company to provide Plumbing, Electrical and HVAC services.

The project consists of 350 apartment units, wood framed, on top of a concrete podium. The building total area is 389,200 SF. The podium area is 61,200 SF and 6000 sf of retail under the podium. The retail is expected to be a café/restaurant.

The project will also have an attached precast parking garage that is 7 levels – 625 parking spaces, this garage is intended to be naturally ventilated.

The following is a list of proposed gas-fired equipment to be used:

Proposed Gas Meter Requirements:

Individual Tenant Meters (7 inches of water column)

350 Gas Water Heaters – 199 CFH EACH	69,650 CFH
--------------------------------------	------------
